

AQUEOUS FILM FORMING FOAM EXTINGUISHING AGENT-SF-AFFF3% (Liquid Concentrate)

Print Date:20.05.2022

Section 1: IDENTIFICATION OF THE SUBSTANCE AND THE COMPANY

❖ Material Identification

Product: SF-AFFF3% Aqueous Film Forming Foam Concentrate

Synonyms: SF-AFFF3% Fire Fighting Foam Concentrate

SF-AFFF3% Foam Concentrate

CAS No: Mixture - No single CAS # applicable

❖ Company Identification

Manufacturer: Jiangsu Suolong Fire Science and Technology Co., Ltd.

Address: :Kangmin Road, Xinghua City, Jiangsu Province, China

Tel: (86)523-82300896 Fax: (86)523-82300896

E-mail: suolong@suolong.com, Website: www.suolong.com

Section 2: HAZARDS IDENTIFICATION

❖ Classification of the substance or mixture

Not classified according to Regulation (EC) No. 1272/2008 (CLP).

❖ Label elements

Hazard pictogram(s)

Not applicable

Signal word

Not applicable

Hazard statement(s)

Not applicable

Precautionary Statements

In case of eye contact: Flush with fresh water for a minimum 15 minutes. If irritation is continued, call a physician.

In case of skin contact: Wash the area with soap & water. If irritation is continued, call a physician.

In case of ingestion: Do vomit. If the patient is conscious, dilute by drinking a lot of water.

❖ Other hazards

Not applicable

Section 3: COMPOSITION/INFORMATION ON INGREDIENTS

❖ Substances

Not applicable

❖ Mixture

40% ~ 50%	Distilled Water	CAS:7732-18-5
5% ~ 30%	Hydrocarbon Surfactants	Mixture, No Single CAS No.
1% ~ 5%	Fluoro Surfactant	Mixture, No Single CAS No.
1% ~ 15%	Butyl Glycol Ether	CAS: 112-34-5

Section 4: FIRST AID MEASURES

- **Inhalation**

No specific treatment is necessary since this material is not likely to be hazardous by inhalation. If exposed to excessive levels of airborne aerosol mists, remove to fresh air. Seek medical attention if effects occur.

- **Skin Contact**

In case of skin contact, wash off in flowing water or shower. Launder clothing before reuse.

- **Eye Contact**

In case of eye contact, flush eyes promptly with water for 15 minutes. Retract eyelids often to ensure thorough rinsing. Consult a physician if irritation persists.

- **Ingestion**

Swallowing less than an ounce is not expected to cause significant harm. For larger amounts, do not induce vomiting. Give milk or water. Never give anything by mouth to an unconscious person. Seek medical attention.

Section 5: FIRE FIGHTING MEASURES

- **Flammable Properties**

Flash Point - Not applicable

- **Fire and Explosion Hazards**

Avoid contact with water reactive materials, burning metals and electrically energized equipment.

- **Extinguishing Media**

Product is an extinguishing media. Use media appropriate for surrounding materials.

- **Special Fire Fighting Instructions**

This product will produce foam when mixed with water.

Section 6: ACCIDENTAL RELEASE MEASURES

- ❖ **Safeguards (Personnel)**

NOTE: Review FIRE FIGHTING MEASURES and HANDLING (Personnel) sections before proceeding with clean-up. Use appropriate Personal Protective Equipment during clean-up.

- ❖ **Accidental Release Measures**

- **Concentrate**

Stop flow if possible. Use appropriate protective equipment during clean up. For small volume releases, collect spilled concentrate with absorbent material; place in approved container. For large volume releases, contain and collect for use where possible. Flush area with water until it no longer foams. Exercise caution, surfaces may be slippery. Prevent discharge of concentrate to waterways. Disposal should be made in accordance with National, federal, state and local regulations.

- **Foam/Foam Solution**

See above. Flush with water. Prevent discharge of foam/foam solution to waterways. Do not discharge into biological sewer treatment systems without prior approval. Disposal should be made in accordance with National, federal, state and local regulations.

Section 7: HANDLING AND STORAGE

• Handling (Personnel)

Avoid contact with eyes, skin or clothing. Avoid ingestion or inhalation. Rinse skin and eyes thoroughly in case of contact. Review HAZARDS and FIRST AID sections.

• Storage

Recommended storage environment is between -10°C and + 50°C. Store product in original packaging container or tanks designed for product storage.

Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

❖ Engineering Controls

Special ventilation is not required.

❖ Personal Protective Equipment

• Respiratory

Recommended exposure limits have not been determined for this material. Respiratory protection not needed for normal use. The need for respiratory protection should be evaluated by a qualified health specialist.

• Protective Clothing

Rubber or PVC gloves recommended.

• Eye Protection

Safety glasses, face shield or chemical splash goggles must be worn when possibility exists for eye contact. Contact lenses should not be worn. Eye wash facilities are recommended.

• Other Hygienic Practices

Use good personal hygiene practices. Wash hands before eating, drinking, smoking, or using toilet facilities. Promptly remove soiled clothing and wash thoroughly before reuse.

❖ Exposure Guidelines

• Exposure Limits

(2-Methoxymethylethoxy) Propanol (34590-94-8)

• PEL(OSHA)

100 ppm, 8 hr. TWA Skin

150 ppm, 15 min. STEL Skin

• TLV (ACGIH)

100 ppm, 8 hr. TWA Skin

150 ppm, 15 min. STEL Skin

Section 9: PHYSICAL AND CHEMICAL PROPERTIES

❖ Physical Data

- Appearance and colour: Pale yellow liquid
- Boiling Point: Not applicable
- Vapor Pressure: Not applicable
- Vapor Density: Not applicable
- Melting Point: Not applicable
- Evaporation Rate: <1 (Butyl Acetate = 1.0)
- Solubility in Water: 100%
- pH: 6.5 - 8.0 @ 20°C
- Specific Gravity: @ 20°C 1.00 ~ 1.05
- Odor: Mild, pleasant
- Freezing Point: -15 °C

Section 10: STABILITY AND REACTIVITY

- **Chemical Stability**

Stable.

- **Incompatibility, Materials to Avoid**

Avoid use of product on burning metals, electrically-energized equipment and contact with water reactive materials.

- **Polymerization**

Will not occur.

Section 11: TOXICOLOGICAL INFORMATION

- ❖ **Mammalian Toxicity**

- **Ingestion**

This material was not toxic when administered to Wistar Albino rats at an acute oral dose of 5g/kg body weight.

- **Eye**

Animal testing indicates this material is a primary eye irritant when tested undiluted on New Zealand Albino Rabbits.

- **Skin**

Animal testing indicates this material is not a primary skin irritant when tested undiluted on New Zealand Albino Rabbits.

- **Inhalation**

No data available at this time.

- **Carcinogenic/Developmental/Reproductive/Mutagenic Effects**

No data available on this material.

Section 12: ECOLOGICAL INFORMATION

Adopt good working practices, so that the product is not released into the environment.

BIODEGRADABLE

Section 13: DISPOSAL CONSIDERATIONS

In so doing, comply with the local and national regulations currently in force.

- ❖ **Concentrate**

Do not discharge into biological sewer treatment systems without prior approval. Specific concerns are high BOD load and foaming tendency. Low dosage flow rate or antifoaming agents acceptable to the treatment plant may be helpful. Do not flush to waterways. Disposal should be made in accordance with the local and national regulations.

- ❖ **Foam/Foam Solution**

Our SF-AFFF3% foam solution can be treated by waste water treatment facilities.

Discharge into biological sewer treatment facilities may be done with prior approval. Specific concerns are high BOD load. Dilution will reduce BOD and COD factors proportionately. Low dosage flow rate or antifoaming agents acceptable to the treatment plant may be helpful. Do not flush to waterways. Disposal should be made in accordance with the local and national regulations.

NOTE: As a service to our customers, Jiangsu Suolong Fire Science and Technology Co., Ltd. has approvals in place with disposal facilities for waste water treatment and solidification and landfill of our foam liquid concentrates and foam solutions. If required, Jiangsu Suolong Fire Science and Technology Co., Ltd. can also provide information on the disposal of drums used for shipping our concentrates. Please contact Jiangsu Suolong Fire Science and Technology Co., Ltd. by Tel: (86)523-82300896 E-mail: suolong@suolong.com for additional information.

Section 14: TRANSPORTATION INFORMATION

• Shipping Information

Hazard Class: None, The SF-AFFF3% Fire Fighting Foam Concentrate is not hazardous, For transportation, this product can be created as ordinary goods.

• OTHER REGULATORY INFORMATION

None.

• Transport hazard class(es)

Land transport (ADR/RID)

No dangerous goods in sense of this transport regulation.

Inland waterway craft (ADN)

No dangerous goods in sense of this transport regulation.

Sea transport (IMDG)

No dangerous goods in sense of this transport regulation.

Air transport (ICAO-TI / IATA-DGR)

No dangerous goods in sense of this transport regulation.

Section 15: REGULATORY INFORMATION

Irritant

Irritating to eyes.

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Avoid contact with skin and eyes.

Section 16: OTHER INFORMATION

❖ CFPA Rating

Health 0

Flammability 0

Reactivity 0
